

Seamless ATM deployment

PAN India deployment

- Leading ATM service provider
- ATM services for 40,000+ ATMs and 30+ banks
- 10+ years of experience

Expand bank reach with holistic, effective and profitable ATM deployment services

To maximize transactions and improve bottom line for the ATM network, it is critical that ATMs are deployed in strategic locations. However, ATM deployment presents significant challenges in terms of location, infrastructure, physical security, and regulatory compliance. To achieve desired business outcome banks need to ensure timely and reliable deployment practices. Successful ATM deployment requires domain expertise, widespread reach, planning and coordination with various vendors.

Leveraging extensive experience and strong deployment capabilities, FSS offers end-to-end ATM deployment services. Right from identifying real estate, obtaining mandatory approvals, ensuring installation of ATM and related infrastructure, FSS provides **comprehensive services** at every step of the way. FSS has a **proven track record** of deploying ATMs across India, including in power deficit and politically sensitive areas. Drawing upon the power of analytics, FSS identifies **strategic locations** to **maximize footfall** and profitability.

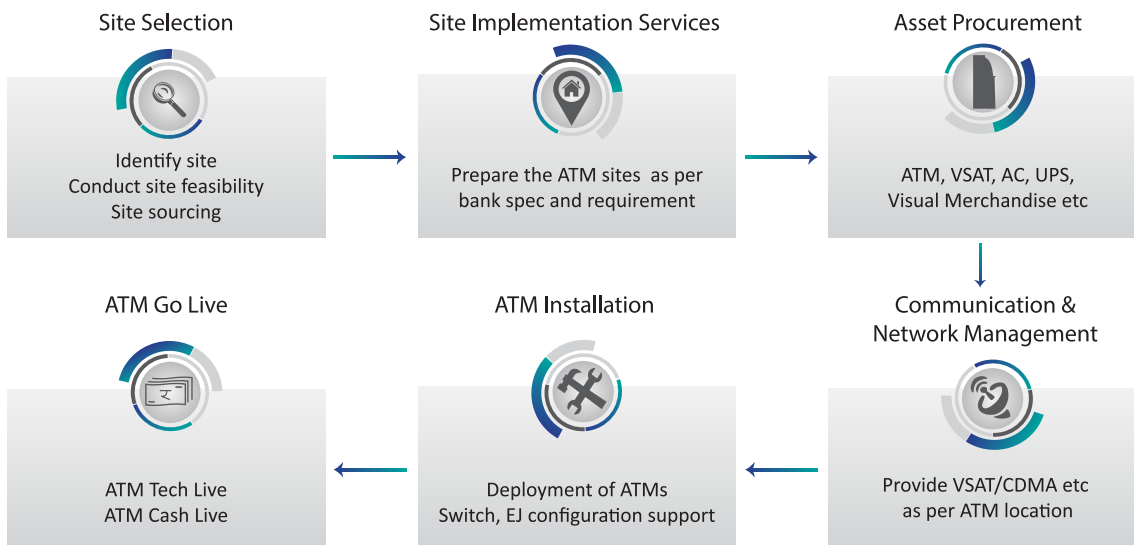

Service Highlights

- ✓ FSS leverages **strong vendor partnerships** with various ATM, UPS, VSAT, and AC manufacturers to ensure timely delivery and seamless installation
- ✓ FSS follows **best practices** and proven standard processes to ensure ATMs are deployed in compliance with the bank's requirements
- ✓ FSS overcomes non-availability of infrastructure services in **rural/remote areas** by deploying alternative approaches. For example, solar and genset for overcoming power deficiency
- ✓ FSS draws upon its experience to select and deploy the most efficient mode of **connectivity** suited for the specific location

Benefits

- ✓ **Pan India deployment:** Presence across 7,100 locations ensure faster and seamless deployment, even in remote locations
- ✓ **Rapid deployment:** FSS is capable of accelerating pace of deployment on demand with sites made live within a few days
- ✓ **Reduce costs:** FSS provides end-to-end deployment services supported by experienced field teams, resulting in significant cost advantage and lower cost of ownership for the bank
- ✓ **Increase revenue:** By analyzing historical transaction patterns at ATMs, customer base, population density, etc., FSS identifies high-transacting sites resulting in increased profitability for the bank
