FSS PAYMENT GATEWAY

Powered by BLAZE

Accelerate Digital Payments at
The Speed Of Commerce

POWER UP YOUR DIGITAL PAYMENTS, FOR TODAY AND TOMORROW

**FSS Payment Gateway is now powered by
BLAZE - FSS's New Payments Platform.**

Banks and payment players have long grappled with the limitations imposed by heavy, monolithic architectures. The challenges of scalability, complexity, maintenance, and slow-release cycles have hindered their ability to keep pace with the industry's high demands. These constraints have underscored the need for a more agile, scalable, and resilient technological framework in the banking and payments industries.

Built to scale, built to adapt, built to succeed – FSS's new and improvised Payment Gateway is a full-stack, white-labeled solution backed by BLAZE – FSS's Payment Platform. A modern, flexible, microservices framework-based technology platform that ensures an unmatched payment experience for all and propels payments innovation at the speed of commerce.

EMPOWER YOUR MICRO-MERCHANTS

With FSS Payment Gateway, now no business gets left behind. FSS Payment Gateway is the perfect solution that caters to all modern-day business needs for every scale and size. FSS Payment Gateway now comes with the:

- **A microservices architecture that allows the choice of functionalities, best suited for you.**
- **Easy integration with other financial services (like banking APIs, accounting software, etc.)**

Our solution empowers small and mid-segment merchants without technical expertise to create an online webstore. It offers customizable templates, inventory management, and facilitates online selling with payment links and branded hosted checkout supporting various payment methods.

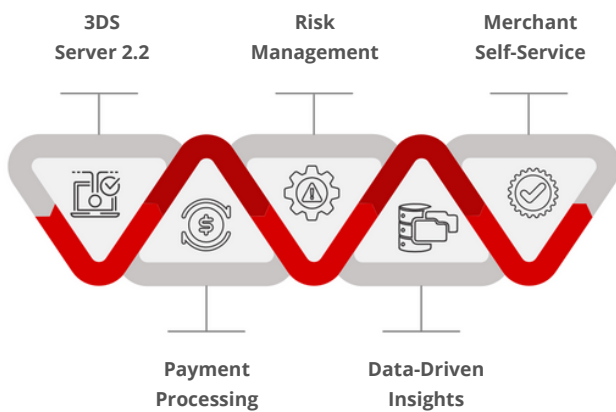

Pay Now, At the Click of a Button

FSS Payment Gateway allows seamless integration of a Pay Now button to the merchant store page. It provides them the ability to generate both static payments for any open amount as well as dynamic payments for a specific amount from the user. Pay Now enables faster checkout by allowing users to save their card details and provide a one-click checkout experience.

WITH YOUR BUSINESS, AT EVERY STEP

Payment Gateway offers end-to-end digital merchant onboarding, zero friction merchant servicing, a wide spectrum of payment tools, risk management capabilities, and in-depth data insights for acquirer banks.

FSS Payment Gateway provides a range of additional features to facilitate acquirers to drive higher sales at the point of purchase and generate more revenue from higher-margin payment services.

- **Express Checkout**
- **Scheduled And Recurring Payments**
- **Instant Credit at Checkout**
- **Link Payments via SMS/Email**
- **Dynamic Currency Conversion**
- **Split Payments**
- **Multi-lingual Support**
- **Human Verification with CAPTCHA**
- **Gift Card & Loyalty Programs**
- **Social Media Payment**

Additionally, with BLAZE at its core, FSS Payment Gateway is equipped to support frequent updates and quicker feature releases, keeping the organization ahead of the competition.
